RE: Case#: 2:16-cv-08870-JMV-JBC

Greetings William,

I require at this time that you correct the stylization of my name and the names of the 'wrongdoers' listed on my court case and on Pacer to the upper and lower case style indicating a living man.

Godspeed,

Notice: lack of in personam jurisdiction

notice: lack of in personam jurisdiction

The *Rogers Court* presents notice:

It is an uncontested fact that the arresting officer, James Porch (“Trooper Porch”), conducted no investigation into discovering any facts or evidence that would prove i, a man, was engaged in “transportation” at any time prior to or during the alleged regulatory offense.

It is an uncontested fact that Trooper Porch’s entire basis for making such an allegation is based entirely upon his/her own unsubstantiated personal presumptions of law rather than actual facts or evidence.

It is an uncontested fact that Trooper Porch has no lawful authority to seize and arrest i, a man, without warrant for an alleged “transportation” offense if the officer lacked any articulable facts and evidence supporting probable cause to believe that i, a man, was actively engaged in “transportation.”

It is an uncontested fact that, absent any facts and evidence that i, a man, was engaging in “transportation,” Trooper Porch lacked not only articulable probable cause to make a warrantless seizure and arrest of i, a man, but also any and all in personam jurisdiction over i, man, relating to enforcement of regulatory statutes relevant to same.

It is an uncontested fact that, if Trooper Porch never believed that i, a man, was actively engaged in “transportation” at the time of the alleged offense, thus Trooper Porch never intended to perform any investigation that would result in the discovery of any admissible facts and evidence that would prove i, a man, was so engaged, then it cannot be rightfully said that Trooper Porch was acting on any specific articulable facts or evidence supporting probable cause, but was acting instead upon an entirely unlawful and unsubstantiated legal presumption that the existing facts and evidence did not support.

It is an uncontested fact that, given the current state of tensions in this nation and this state relating to law enforcement officers brutally assaulting, injuring, and murdering individuals that are doing nothing more than asserting and exercising their fundamental and constitutionally protected rights to not be subjected to false arrests, abuses of police power, and injurious physical assaults, and death at the hands of out-of-control law enforcement personnel, Trooper Porch's demonstrably faulty and unsubstantiated legal presumption and callous disregard of the facts and the law created an unacceptable level of danger to the life, person, rights and property of Respondent as well as that of the general public to a degree that is shocking to the conscience.

As Trooper Porch lacked any actual articulable facts and evidence that i, a man was actually engaged in "transportation" at the time of the warrantless seizure and arrest of i, a man, and never made any attempt whatsoever to investigate into this necessary and mandatory element of in personam jurisdiction relating to the alleged offense, there was no legal basis creating a foundation for articulable probable cause that would serve to support Trooper Porch's warrantless seizure and arrest. Therefore, the warrantless seizure and arrest of i, a man, by Trooper Porch was completely unlawful and illegal and was not based upon any probable cause supporting in peronsam jurisdiction.

I, say hear, and will verify in open Court that all herein be true.

notice: lack of due process

The *Rogers Court* presents notice:

It is an uncontested fact that to date i, a man, has not been served with a proper complaint stating all the facts of the case against me at the municipal court;

It is an uncontested fact that to date i, a man, has not been served with the sworn statement of probable cause in regards to this matter;

Without a complaint or sworn statement of probable by James Porch there is no controversy for my property to have been unlawfully seized, nor for me to be forced to answer three unsigned appearance tickets.

It is a fact that i have demanded proper due process from the Township of West Amwell. The demand has been ignored and instead i, a man, is being extorted to give up my rights and property by the men and woman of the West Amwell Municipal Court through the Motor Vehicle Commission. (see exhibit A)

It is therefore the belief of i, a man, that these documents do not exist and therefore James Porch has acted on his own outside of all jurisdiction and the men and woman of the West Amwell Municipal Court are doing the same.

I, say hear, and will verify in open Court that all herein be true.
